Thank you for your interest in becoming a volunteer tutor for the Sauk Prairie Area Literacy Council! We exist to help adults of all backgrounds improve their English proficiency or improve their reading and writing skills. We hope that you will find your experience rewarding, as you can be assured that your efforts will have a lasting and positive impact on your student and community. **Before tutoring, we request that all first-time tutors attend a tutor training workshop and/or shadow a current tutor. We also request that all tutors meet with their student in a public place, such as a public library or coffee shop.** The typical time commitment required to be a tutor is 1 to 3 hours per week, depending upon how often you and your student choose to meet. Both the Sauk City Library and Prairie du Sac Library have English language materials that are available for you and your student to check out. Please return this form by mail or in person to Heather Cole, Bilingual Aide at the Prairie du Sac Library, at the address listed above. You will then be matched with a student that fits your requirements and schedule. If you have any questions, please call Heather Cole at the Prairie du Sac Library and she will be happy to assist you. All personal information will remain confidential.

Tutor Registration Form
